Diagnosis report of 2018 VOLVO V90 Momentum

Diagnosis details

Mileage on completion date: 257 030 km

Checked by Longo Shared Service certified diagnostics team: Eimantas A., Mindaugas G., Arnas S.

This vehicle has been inspected in accordance with the Longo 150-point checklist, covering the body exterior, interior, and mechanical condition. Based on the inspection performed and the information available at the time of assessment, no indications of involvement in major accidents were identified. Information regarding maintenance history and mandatory roadworthiness inspections is based on available documentation and records from the country of export. Please note that certain general wear and tear issues are considered acceptable and may not be repaired.
